

OUR GROWTH. YOUR OPPORTUNITY.

Corrs Chambers Westgarth is one of Australia's leading and most progressive law firms. We are at the forefront of many of the country's largest deals and projects. Our current deals include acting on the proposed demerger of Foster's Group and advising J. P. Morgan and RBS on their US\$2 billion high yield bond offering for Fortescue Metals Group - Australia's third largest iron ore producer. We also advise four of the ten largest Chinese State Owned Enterprises in the iron ore sector, as well as four of Australia's five largest LNG projects with a combined development budget exceeding A\$75 billion. With so much quality work, our lawyers have the opportunity to advance as fast as their talent allows. We are rapidly growing at a time when many major Australian law firms are standing still. We need more lawyers at all levels in our Sydney, Melbourne, Perth and Brisbane offices. So if you have experience in Mergers & Acquisitions, Energy & Resources or Banking & Finance and you're ready to accelerate your career, we want to talk with you.

Contact Ben Hertzberg or Alex Julian of the Fuzion Group on +27 (0)21 434 6366 or contact@fuziongroup.com. For more information, visit www.corrs.com.au
